

DIG THE FALLS

Allen Falls - Parishville

Allen Falls - Parishville

Allen Falls is a 35-foot-high waterfall on the St. Regis River that is named for an early landowner, William Allen.

To get there: [GPS: 44°39.345'N 74°50.974'W](#) - From north of Parishville (junction of Routes 56/Allen Falls Road & 47/Parishville-Norfolk Road), drive west on Route 56/Allen Falls Road for 0.5 mile and park in an area on your left just before crossing the bridge that spans the West Branch of the St. Regis River. Walk across the road and follow an informal, <0.3-mile-long trail to reach the waterfall. The top of the bank is dissected into gullies, making natural pathways. To reach the bottom, follow a steep, eroded path down.

Information and photo provided by Russell Dunn.

This waterfall is part of the [Adirondack Fifty Falls Challenge Guide](#) by John Haywood and Russell Dunn.
