

DIG THE FALLS

Rice's Falls - Elizabethtown

Rice's Falls - Elizabethtown

Several small cascades below a breached dam lead downstream to Rice's Falls, a 15-foot drop adjacent to a large sluiceway.

To get there: [GPS: 44°13.294'N 73°36.802'W](#) - From Elizabethtown (junction of Routes 9N West & 9), head northwest on Route 9N for 1.0 mile and park to your right in a large pull-off, just before Lord Road. Several tiny paths lead down to the Little Boquet, from where the main path can be followed for short distances both upstream and downstream. The falls are at the downstream end of the cascades. Do not attempt to climb down the sluiceway to reach the bottom of the waterfall.

This waterfall can be found in the Keene Valley Region Waterfall Guide by Russell Dunn.
