Shelving Rock Falls - Fort Ann

Make a trip to Shelving Rock Falls a fun family day

Shelving Rock Falls, on Shelving Rock Brook, has become another very popular waterfall to visit by people of all ages. Access to this 70ft waterfall is relatively easy with a short, level walk which becomes a brief but steep, downhill scramble. Along the first part of the walk, there is a deep gorge that runs alongside the trail that contains several tiny cascades. There is also a trail system in place, which is indicated on the map, for those who would like to explore the area. On the opposite of the brook, there a small area to have a picnic near the waterfall.
