

The ADK 6 Pack is a bit of a mystery, but if you're patient you will be rewarded soon! Dig The Falls is excited to announce another Challenge partner that we feel will bring a great deal of value to the region by not only highlighting some great hikes, but also highlighting some great local craft breweries!!

The Challenge claims "32 MILES & 7,753 ELEVATION GAIN", which sounds like it will be a blast for anyone who participates. At the end, you earn a patch and a decal to boast about your achievement. Details are below - [Check out the website as well!!](#)
